Product Warranty

Only original Chesterton products, supplied in Chesterton boxes and which are sold by an authorized Chesterton Supplier, can be considered genuine Chesterton Products. Chesterton's usual product warranty is void unless Chesterton Products are supplied in Chesterton boxes and sold by an authorized Chesterton Supplier, so as to positively identify said products to be of original Chesterton manufacture.

Product Liability

All product liability coverage which may be applicable to Chesterton Products would be null and void were product to be utilized which is said to be Chesterton but is not supplied as specified in paragraph one above.

Mechanical Seals

The warranty and exchange programs for Chesterton Mechanical Seals cannot be offered except by an authorized Chesterton Supplier and cannot be made available to consumers on a direct basis. These services are offered to Distributors only for the benefit of their customers.

We feel it vital to the efficient and proper maintenance of equipment that recommendations and specifications covering Chesterton Products be made only by authorized Suppliers of Chesterton International, Inc. and its affiliates.
